

Cheeto Pollinators Unite!

Name: _____

Date: _____

Directions: Using the “flowers” and “pollen” provided to you by your teacher, you will demonstrate how honey bees pollinate! You will walk around the class with your “flowers” and go to your classmates “flowers” and will document if they have pollen or not. You must reach into every “flower” you come upon, no matter whether or not it has “pollen”.

Name	Do they have pollen?
